Unit Test: programlisting.004

Stéphane Bortzmeyer

Testing footnote within programlisting. Please try with footnotes as end notes, and footnotes at bottom of page (*bop-footnotes* in DSSSL).

```
hostname RTA
router ospf
      ospf router-id 192.134.7.241     It is not
necessary to set the router ID.
      network 192.134.7.0/24 area 0
```
